Hiring Manager

MULTISKILL IT

Aftabnagar, Dhaka 1219

Dear, Hiring Manager

I am writing to express my strong interest in the Web Development position at **MULTISKILL IT**. With a proven track record as a web developer, well-versed in HTML, CSS, JavaScript, React.js, and API integration, I am confident in my ability to bring valuable contributions to your team.

I am currently pursuing my Diploma in Engineering, specializing in Graphic Design, and have completed professional training in Comprehensive Web Development through Programming Hero. My skill set encompasses a wide range of front-end technologies, including React.js, Bootstrap, and Tailwind, along with valuable back-end experience in MongoDB, Express.js, and Node.js.

While I acknowledge that English communication is my basic skill, I am dedicated to delivering high-quality, user-friendly web applications. My proficiency extends to utilizing Firebase for authentication and hosting, along with a strong command of essential tools such as Npm and Git, ensuring efficient and collaborative teamwork.

In addition to my technical expertise, I am committed to keeping pace with the ever-evolving trends in the web development industry, continually refining my skills to ensure the success of the projects I undertake.

I would be delighted to discuss further how my skills and passion for web development can contribute to **MULTISKILL IT's** continued success. Please find my resume attached for your review.

Sincerely, Kaykobad Yiasin
